Art Unit: 3693

Ł

## **DETAILED ACTION**

1. Receipt of the amendment filed 7/20/2006 canceling claims 1-8 is acknowledged.

Claims 9-11 remain pending in the application and are presented to be examined upon their merits.

## Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 2/17/2000 upon further consideration is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

## Allowable Subject Matter

- 3. Claims 9-11 are allowed.
- 4. The following is an examiner's statement of reasons for allowance: Friedland et al discloses a method for distributing a live auction over the Internet to remote bidders. The remote bidders may place bids for items that are transmitted via the Internet to human proxy, who may then submit the bids to the auctioneer, components that facilitate distribution of the auction server, collector/redistributors nodes, and client programs (see Abstract). Hultgren discloses a network connection between an origination node and a destination node dynamically determined and established during a tele/data communication session. Friedland and Hultgren fail to disclose and/or fairly suggest, a distributed method for processing descending auction traffic using one or more servers at a plurality of nodes in a distributed processing system, as described under "Descending Price Filter," on page13 of applicant's specification. Particularly Friedland et al and Hultgren do not disclose "receiving a bid(q) for processing where q is the quantity desired at the ongoing price p," and/or "determining whether the bid is in the first [R/q]

Application/Control Number: 09/505,509

Art Unit: 3693

bids, asking for quantity q at price p, where [x] stands for the greatest integer less than or equal to x and R is a currently remaining quantity on auction."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel S. Felten whose telephone number is (571) 272-6742. The examiner can normally be reached on Flex.

If attempts to reach the examiner by telephone are unsuccessful, the examiner can be reached via e-mail at daniel.felten@uspto.gov. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Application/Control Number: 09/505,509
